of the City's Population.

To Enforce the Law in Regard to Formulation of a Plan to Encourthe Smoke Nuisance.

SOME NEW STRUCTURES

he city are not uncommon. Every ten when the police census is taken the official figures as to the population of the District are made known. During the last census decade, closing in 1890, the census figures of the population of the District showed an average annual increase of about 5,000 per year. When it is considered that these figures represent the total population of many towns which are looked upon as important centers of population then their significance will be more readily appreciated. When the next census is taken by the United States authorities, which will be

An impressive illustration of the growth of the city is the fact, which is recognized by Gen. John M. Wilson, the chief of army engineers, that the city has nearly outgrown the present capacity of the water works. As Gen. Wilson has already pointed out in The Star, the capacity of the Washington aqueduct is about 70,000,000 gallons of water annually. The consumption has now reached about 50,000,000 gallons annually. lons annually.

Gen. Wilson has also found that the increase in the use of water during the past ten or fifteen years has been about 20,000. 000 gallons. He therefore infers that with in the next ten years the consumption will reach the present capacity of the aqueduct. Gen. Wilson believes that the wisest course to pursue is to recognize this need as imperative and take prompt steps to provide

The oratorio of "Elijah" will be rendered in the auditorium next Thursday evening. F. C. Roach is a Washington guest at the He will therefore ask Congress at the next session for an appropriation to enable a survey to be made for the building of a duplicate of the present conduit. It is proposed to build the new conduit alongside of the present conduit, and in doing this the width of what is known as the Conduit road will be doubled. While this latter change will only be a phase of the improvement which will result in doubling the present. Mrs. M. H. Rock of Washington is among the recent arrivals at the Atlantic House. Other Washington arrivals include— Highland House—Mrs. Roger C. Weight-man, Hanson Weightman, Saidee E. Kai-ser, Roger C. Weightman, Margaret Weightman. change will only be a phase of the improve-ment which will result in doubling the pres-ent capacity of the water works of the city, still it is a matter of much importance to the section of the population of the District who use this road, and also to the residents of the adjoining territory of Maryland who have business in this city. The Vice President Has New Honors

Palisades of the Potomac.

An improvement of this character is, of course, a matter of much interest to property owners along the Conduit road. As is well known, a number of attractive resihomes there. In the opinion of many, the most striking scenery in the neighborhood of this city is to be found in that section. The rugged and bold character of the country has suggested the noble scenery of the Palisades of the Hudson, and so a portion of the region has been named the Palisades

It is likely that further progress will be made in developing the suburban possibili-ties of this section, as a new era of reduced street railroad fares and improved facilitie have just opened. The residents of this section, like those in other parts of the suburbs, have been struggling for years against the disadvantages and the discouragements of living at a distance from the city, so as to be dependent on a financially weak country street railroad. They have been fortunate enough to survive that period, and the future promises more comfor for themselves and an enhancement in the value of their property. sured. The matter has been taken up by former United States Senator James Smith and others. It will take place about Au-gust 25 on the grounds of the Monmouth

The Smoke Nuisance.

The law in regard to the smoke nuisance went into effect during the week and the District Commissioners have made arrangements to enforce its provisions. While the number of chimneys in the city that beich forth black clouds of soot and smoke are perhaps not so numerous as in some other places, still the discomfort and the actual loss have been felt with some severity, and with the result that the law has at last come to the relief. With the elimination from the city of such agencies for corrupting the pure air, the entire community, it is thought, will be benefited, and while some of the users of coal may be put to additional expense, yet the general good will be subserved, and that, after all, is the general purpose of laws regulating commu

Southwest Apartment Buildings. Julius Wenig, architect, has prepared plans and let the contract for two threestory and cellar apartment houses to be erected for the Henry A. Clarke estate at the northwest corner of 7th and C streets southwest. The corner building will have a frontage of 62 feet on 7th street and 81 feet on C street. The C street building will be 18 feet front by 81 feet deep. There will be three stores fronting 7th street, with flats above. The material used will be brick, stone and iron. There will be tile vestibules and bath rooms, steam heating, wash rooms in cellars provided with steam clothes driers. The kitchens will be fitted up with gas ranges, dressers and boller. up with gas ranges, dressers and boller with gas water heaters. Each flat will have five rooms and bath. The cellars will be fitted up with locker rooms, bicycle racks, etc. The contractor is George W. Darby. The cost will be \$40,000.

AT WARM SPRINGS.

Straw Ride for the Little People Dances and Dinners. pecial Correspondence of The Evening Star.

WARM SPRINGS, Va., August 3, 1899. This week has inaugurated a series of the smaller gatherings which were a distinctive and delightful feature of the society here last summer.

Thursday evening Mrs. Hawes of Richmend and Mrs. Murphy of Washington chaperoned the Misses Bayard, Lay, Slingluff and Waggaman to a dinner at the Hot Springs given by Messrs. Hawes, Lehr

To the mothers and children, the social event of the week was the hay ride which Mrs. Eubank gives every year to the chil-

Mrs. Eubank gives every year to the children. In the party were Elizabeth and George Hamilton and Christine and Eugene Waggaman of Washington.

Numbers of Washingtonians are here, many of whom prefer cottage to hotel life. Mr. and Mrs. Ross Perry are established in "Hollyhock Row." Mr. and Mrs. Thomas Waggaman have taken Aspen cottage for the whole summer. Mr. and Mrs. George E. Hamilton are in the Faile cottage; the Misses Wheeler, daughters of Gen. Joseph Wheeler, are in Marigold cottage.

tage.

Mrs. Isaac Henderson of Washington is at the hotel with her daughter, Mrs. H. C. Carbough, and her sister, Mrs. Frey.

Indications of the Continued Increase | Progress of the Riflemen Preparing for Sea Girt.

MEN DROPPED AS DESERTERS

at the Ordway range by the rifllemen who are to participate in the competitions next month at Sea Girt. Satisfactory work is being accomplished, and a week hence the inspector general of rifle practice will antute the brigade team. The twelve shooting men, as well as the four alternates, will thereafter be actively engaged before the targets until it is time to start for Jersey. Several familiar faces will be missing from the brigade team this year, among them being S. B. Wetherald, George E. Cook, S. I. Scott and Edward Scott. M. W. Farrow has been appointed official coach

The 2d Regiment team at Sea Girt will be in charge of Capt. Glendie B. Young, while First Lieut. L. H. Reichelderfer will captain

First Lieut. L. H. Reichelderfer will captain the 1st Regiment team. The 6th Battalion will be represented by a team, as will Company A, 6th Battalion. For use in the individual matches some of the guardsmen will be provided with Krag-Jorgenson rifles.

Maryland will not be represented at Lea Girt this year, Governor Lowndes having notified Major Bell that there is not sufficient time intervening between the present and the date scheduled for the opening of the meeting in which a team could be properly organized and drilled. It is hoped by the governor, however, that Maryland will send a team next year.

Results of Rifle Meetings.

Results of Rifle Meetings.

The failure of certain expert marksmen to hit the target at the most crucial point in big matches is not an uncommon occurrence. Such collapses have given rise to a query as to whether these champion shots would be equally as accurate under the exciting conditions of actual warfare. Some officers, who ought to know, declare it a very debatable point whether the big rifle meetings do not do quite as much to discourage as to encourage rifle shooting, so far as the National Guard is concerned. They encourage the good shoet best best best They encourage the good shot to shoot better, it is stated, but the poor shot with little leisure in which to practice is utterly discouraged. The statement is made that he comes to regard all money and time spent on rifle shooting as absolutely wasted. If in time of peril the National Guard is to be a really effective force, the contention is that it is the bad shot who must now be taught to shoot straight or at any rate is that it is the bad shot who must now be taught to shoot straight, or at any rate fairly straight. The day of individual marksmanship is practically over; volleys and fire discipline will decide future battles. Firing at moving objects, or under service conditions, or in teams, is said to be regarded as a sort of side show at the big rifle meetings, whereas the claim is made that it should be put in the fore front of the program if this program be drawn up dences have been built there in recent years and the advantages of that locality as a place of residence are appreciated by a number of people who have made their homes there. In the opinion of many, the

To Encourage Poor Shots.

Major Bell, inspector general of rifle practice, District of Columbia militia, is devoting a great deal of attention to the formulation of a plan to encourage the poor shots -in fact, the entire membership of the District National Guard in the matter of rifle shooting. The indications are that this feature of local military work will be revolutionized. In this connection attention is called to one of the matches at the recent meeting at Bisley. Each team that com-peted was composed of twenty men, two sergeants and an officer, the contest being a marching and shooting one. A prelimi-nary competition was held among the regi-ments quartered at Aldershot, and the best nine of these are allowed to compete for the prize. The men have to march elever miles in three hours, and, arriving on the range, proceed at once to advance on the targets in attack formation. The firing begins at 800 yards, and the teams are each supplied with 300 rounds of ammunition. At 250 yards from the target bayonets are fixed and six rounds must be fired in half a minute. Any cartridges not expended are counted as misses. Every hit counts a point, and, in addition, ten points may be gained for correctness of drill.

Matches similar to the foregoing, which are calculated to interest the mass of guardsmen, are very likely to figure here-after in the matches at Ordway, if not at

Efficiency Competition Fund.

Attention has been called to the fact that in connection with the efficiency competition movement, inaugurated several years ago, \$114 was contributed by officers of the National Guard to be expended for prizes. As the proposed competition did not materialize, the prize money will probably be added to the fund being raised to purchase a memorial tablet in honor of the memory of the late Gen. Albert Ordway.

First Lieut. J. H. Griffiths, commissary, 27th U. S. V. Infantry, who was formerly captain of Battery A. Light Artillery, D. C. N. G., has been detailed as recruiting officer at Camp Meade.

Honorably Discharged.

On their own applications the following have been honorably discharged: Privates Claude Farr and William Joseph Fill, signal corps; Privates Joseph M. Donovan, M. Dunn, Joseph Aloysius Eckloff, Martin J. McPike and M. O'Connor, Company A.

J. McPike and M. O'Connor, Company A, 4th Battalion.

By reason of removal from the District of Columbia the following, have been honorably discharged: Private H. J. McKenney, signal corps: Private Charles D. Lazelle, Battery A. Light Artillery; Private G. Elmer Johnson, Company C, 5th Battalion; Privates Harry A. Moran and Joseph M. Smoot, Battery A, Light Artillery, and Privates Carl V. Eckdall and Michael W. Curtin, Company A, 4th Battalion.

talion.

The following, all privates and members of Company C, 1st Separate Battalion, have been dropped from the rolls of the District of Columbia National Guard as deserters: William R. Carer, Silas Franklin Carter, Walter Glover, John Graham, Winston B. Hill, Charles Owens, Richard Powell, John W. Rawles, Charles F. Shorter, William F. Stewart, Joseph E. Thomas, William L. Townsend and George W. Wormley.

Shooting at Bisley. The dum-dum bullet retired from the

competitions at Bisley rifle meeting before the first day was ended, the council deciding to withdraw all the ammunition for service rifles and to substitute the manufacservice rifles and to substitute the manufacture of 1897, obtaining 20,000 rounds from the Middlesex Rifle Association. Three slight accidents settled the question of using the dum-dum with cordite. A faulty shot from a Surrey sergeant's rifle was decided by Capt. Davis, représenting Woolwich, and Col. Lockyer of the Enfield factory to be caused by metallic fouling, but it was quickly followed by a similar case, the competitor being Sergt. Clement Smith of the Middlesex Yeomanry, an old hand not to be suspected of carelessness. Lastly, Lieut. Barham, R. E., was blinded for a moment, and the breech bolt of his rifle was blown back. The council made some

fresh trials with no better average results, ton, and Miss Myrtle Oaks, Miss N. R. Ros-

lief of the volunteers.

In the Waldegrave competition at Bisley
Maj. T. F. Fremantle, 1st V. B. Bucks,
made a score of ten consecutive bull's-eyes
at 800 yards and five consecutive bull's-eyes at 900 yards, the latter score being 43 out of the possible 50 points, using the match rifle. In the extras Lieut. Varley of the Honorable Artillery Company made a score of seven consecutive bull's-eyes at 600 yards, using the service rifle. The Oxford and Cambridge teams, using the Mannlicher rifle in competition for the Humphrey Chal-lenge cup, were nearly equal when each team had fired fifteen rounds at 800 yards, the difference being only one point, but at 900 and 1,000 yards Oxford gained, and ended with a total of 758 to Cambridge's 716. In the regulars and volunteer officers' match the regulars gained only fourteen points at 800 yards, and were equally matched at 900, but gained 34 at 1,000, endng with a total of 1,528 to the volunteers

England won the Elcho Shield competition with 1.577, Scotland made 1.541 and Ireland 1.511. Wales was not represented. In the first stage, 800 yards, Ireland scored 516, Scotland 508, and England 505. In the Association Cup contest Blair of the Cana-dian team scored 35, the only highest possible score yet made in this contest. In the unfinished "experimental" competition Huggins (Canadian) made 35, the highest possible score.

AT CAPE MAY. Popular Resort With Washington Folks-Late Arrivals. cial Correspondence of The Evening Star.

CAPE MAY, N. J., August 3, 1899. The height of the summer season is gradually approaching, and next week is expected to be the biggest week of the summer. The golf links, of course, are the center of life during the day time and especially on those days when there are contests on. The golf club house in the day time is the place to meet the members of the swell set, and if the visitors have not entree into that association they are not considered as being a member of the "four hundred" of Cape May. The golf club house piazzas are in the daytime now what the hotel piazzas and lobbies are in the evening to the guests. The contests which occur almost daily on the links are largely interesting and attract the visitors from nearly every city. Social affairs given in the house by the ladies of the club have excelled this season any other sort of amusement.

The fishing is excellent, weak fish being

The fishing is excellent, weak fish being caught in large numbers, and the king fish, which is a gamy species of the finny tribe, is also appearing in the waters about Cape May and the fishermen are consequently having much fun. A handsome silver cup has been purchased to be awarded to the fastest yacht here in the twenty-foot class. This cup can only be raced for once, and the yacht which gets it holds it until the next race. the yacht which gets it holds it until the next race.

The large number of Washingtonians here have been joined this week by others from that section of the country, and aside from these there are visitors from almost every state in the Union, and every large city seems to have a colony at some house. Among the Washingtonians are C. E. Godfrey, at Congress Hall; C. F. Senser, at the Cariton; Joseph E. Leaming, at the Columbia; E. J. Remick, at the Stockton; Miss M. Gowan, at the Brexton; Thomas W. Howard and Miss Florence Howard, at the Ebbitt; Col. Malcolm Seaton, at the Shoreham; H. Morsell and family, at the Carl-

and the dum-dum was rejected, to the re-lief of the volunteers.

siter and Miss Tillie Bates, at the Lafayette.

A jolly party from Washington at the Stockton is made up of Mrs. D. R. B. Bowie, Mrs. P. A. Darneille, Miss Eva Darneille, Miss Hattie Darneille, Others from the capital include Mr. and Mrs. Hellerman, at the Stockton; Mr. and Mrs. Edward McCauley and son, M. McCauley, the Stockton; Mrs. M. McB. Wilson, Miss Elizabeth N. Wilson, F. D. Faust and Mfs. Faust, at the Baltimore Inn; Dr. J. C. McConnell, Frank McConnell and Miss Bessie McConnell, at the Ebbitt; Miss A. D. Beard, at the Windsor; Miss Madeline Bouten, at the Lafayette; Mr. and Mrs. C. M. ten, at the Lafavette: Mr. and Mrs. C. M. Smith, at the Larayette; Mr. and Mrs. C. M. Smith, at the Brexton. Mr. and Mrs. William F. Downey and Miss Mary Downey are located at the Stockton, where they have joined other Washington friends. Mrs. Hattle Meads Smith has arrived at the Stockton to greend August 1988. Stockton to spend August.

DOWN THE POTOMAC. Good Times Down at Piney Point-

Euchre Party and Prizes. Special Correspondence of The Evening Star.

PINEY POINT, August 3, 1899. Apart from its great natural advantages, Piney Point has increased hotel accommodations and facilities, good fare, and plenty of it, at moderate prices. Fishing, crabbing, sailing, bathing, dancing and gathering pebbles on the beach constitute the principal amusements. While families are largely represented, the young people are

Last Saturday night dancing was omitted in favor of progressive euchre. About twelve tables were filled, and the fun only ended when time was called and the fun only ended when time was called and the prizes were announced. The following participated: Mesdames Joe Williams, B. O'Donnell, Wm. H. H. Hoover, L. Z. Thompson, A. Pinkey, W. T. Walker, E. M. Hall, J. K. Heyl, F. A. Bradford, O. Thompson, Dr. Isabella O. Offutt, Zimmerman, Perry, Clines, Cole and Bergman, and the Misses Florence Parkinson, Jennie Lenman, Katie Schlosser, S. Louise Carter, Katie Soter, Blanche Bergman, Mazie Bergman, Myra Prefrenbring, Margaret O'Donnell, Mae Young, B. Young, Marion Carter and Forsythe, and Messrs. Sam'l W. Forrest, L. D. Forrest, Charles Lyrch, Wm. H. H. Hoover, Will Craig, Charles B. Bayly, James E. T. C. Evarts, C. E. Marsh, D. W. Manners, Wm. Thompson, N. R. Young, George Buckingham, Thompson, Zimmerman, Bergman, Pierce and Montague.

The first ladies' prize, china set, was awarded to Mrs. Thompson: the second prize, pair of vases, to Miss Bergman. The first gentlemen's prize, a box of Havana cigars, to Mr. Wm. H. H. Hoover: the second prize, shaving set, to Mr. Pierce. ended when time was called and the prizes

AT BAR HARBOR.

North Atlantic Squadron Will Be Given Warm Welcome. Special Correspondence of The Evening Star.

BAR HARBOR, August 2. Bar Harbor finally steps into line along with a dozen other summer resorts, and the dull, uninteresting days of July are succeeded by a program of August gayety that will fully compensate for the stupid portion of the season that has just gone before. The North Atlantic squadron will arrive Sunday morning, and the reception in honor of the fleet will probably take place Tuesday. Preparations for the occa-

looked after by the officers of the reading oom who are to play the host.

The reception will be from 3 to 7, in a arge pavilion erected on the lawn in front tea drinking and a general lauding of the visiting heroes. Plans for the week include many large affairs, at which the naval officers will be the guests of honor. Crowded into this week are many dinners and dances and two weddings of very con-siderable note. The first was that between Miss Elizabeth Jackson of New York and Rev. Wm. O. Baker of Philadelphia, and the other marriage will occur Saturday between other marriage will occur saturday between Miss Susan Train, daughter of Captain Charles Train of the U. S. battle ship Mas-sachusetts, and Augustus Noble Hand of New York, when Bishop Lawrence of Massachusetts will perform the ceremony. Wednesday night at the Malvern had all the marks of a big season. There was a great crush present, and the dinners that proceeded the dance were too numerous to mention. The larger dinners were given by Mr. Charles Cramp, Gist Blair and Mr.

AT WHITE SULPHUR.

Many Capita! Folks Enjoying Its Charms-Late Arrivals. special Correspondence of The Evening Star.

Greenbrier White Sulphur Springs, August 3, 1890. There are more than 600 people at the Greenbrier White Sulphur Springs. This is far beyond the number of recent years for this season.

Miss Parker and her sister, Mrs. C. C. Willard of Washington, had their cousin, Miss Boyd, from Norfolk, pay them a brief but happy visit at their cottage here this week.

Many social events are booked for the end of the week, and some exceedingly unique and interesting events have already occurred. Among the latter may be mentioned the delightful german of Monday night. The tennis court and the golf links, as well as the fine horseback riding are atracting those devotees, who have all the balls and house parties they want through the winter.

Senator Caffery is expected this week. His two handsome daughters have been here for some time. Among late arrivals from Washington are the following: Charles G. Sloan, T. M. Chatard, W. B. Stevens and wife, Mrs. R. Lee Fearn, Miss Fearn, James B. Hender-son and wife, W. W. Trego and wife, Miss E. West, Miss Crocket and M. F. Seltz.

Turning Guests Away at Belmar Special Correspondence of The Evening Star.

BELMAR, N. J., August 3, 1899. The big month of the season at this lively resort has begun with a rush quite inexpected by even the most sanguine of the hotel keepers. Every one of the inns is full, and some of them, notably the Hotel Columbia, are turning guests away. Of the many pleasant social events of

Of the many pleasant social events of the week was the progressive euchre party at the Atlantic Monday night. There were twenty tables of spirited contestants. The Hotel Columbia holds a full-dress ball this evening for the guests who are crowding that house. The spacious entertainment hall is beautifully decorated with potted plants and cut flowers. After the dance re-freshments will be served.
